

Problem AWR dynamic IP's change, breaking my static routes back to the MST200. How do you fix this issue?

Adaptive Wireless Routing
AWR

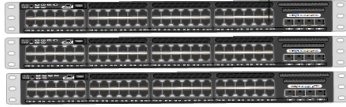

Static Routes
ip route 0.0.0.0 0.0.0.0 10.7.60.254
ip route 10.7.50.0 255.255.255.0 101.250.178.193
ip route 172.27.50.0 255.255.255.0 101.250.178.193

Preferred Link
Radio 1
Channel 157
101.250.178.194/30

MSR4000
Wired Service Mode
Wired Gateway

VLAN 60
ip address 10.7.60/24

Redistribute static routes into OSPF 10.7.60.254

Preferred Link
Radio 0
Channel 157
101.250.178.193/30

Static Routes
ip route 10.7.50.0 255.255.255.0 10.7.40.254
ip route 172.27.50.0 255.255.255.0 10.7.40.254

MST200
Wired Service Mode
Wired Access

10.7.40.1

VLAN 40
ip address 10.7.40.0/24

VLAN 10 Data
IP Address 10.7.50.0/24
VLAN 20 Voice
IP Address 172.27.50.0/24

10.7.40.254
