Aruba Certified ClearPass Associate (ACCA) V6.5

The Aruba Certified ClearPass Associate v6.5 certification validates that you have the foundational knowledge of ClearPass Policy Manager and ClearPass guest. This certification validates that you know how to configure ClearPass as an authentication server for both corporate users and guests. It also verifies your foundational knowledge of device profiling and posture checks.

This certification validates that you:
• Understand services, enforcement policies and profiles
• Understand how to integrate and use Windows Active Directory in ClearPass
• Understand and can configure ClearPass guest
• Understand and can configure posture and profiling
• Understand and can configure device onboarding

Why earn this certification?
Earn this certification to:
• Position yourself as a trusted team member who can contribute to the design and implementation of Authentication and policy enforcement using the ClearPass product line.
• Advance your career as a certified Aruba networking professional who understands the fundamentals of building Mobile First Networks using ClearPass.

Candidate
Typical candidates for this certification are networking IT professionals with a minimum of six months experience in deploying network solutions for the enterprise.

Skill level
Professional
